Commercial Excellence | *Revenue Operations* | *Sales Engineering & Customer Solutions* | *AI, SaaS & Cloud*

Riyadh, Saudi Arabia • +966 50 2423 666 • Tamer_m_n@outlook.com • linkedin.com/in/tamer-nassrawin

EXECUTIVE PROFILE

Technology and commercial executive with 23+ years across KSA, the GCC and MENA, turning AI, SaaS and cloud platforms into enterprise growth through GTM strategy, revenue operations, presales and strategic partnerships. Built and scaled customer-facing organizations across operating regions, accelerating enterprise SaaS adoption and aligning Sales, Product and Delivery around commercial outcomes. Career progression from enterprise solutions leadership into multifunctional commercial operations and direct sales accountability.

SELECTED LEADERSHIP IMPACT

#1	1st	70%	30%
Global SaaS share Infobip region	Agentic AI platform taken to market	AI-driven efficiency gains	Shorter sales cycles

- Led the regional sales engineering function behind Infobip's region reaching **#1 globally** in SaaS share of business and its top tier for SaaS and year-over-year growth.
- Pioneered the go-to-market launch of CEQUENS' first model-agnostic agentic AI platform, from positioning to pilot and enablement, designed to embed AI agents into enterprise workflows in addition to customer-facing channels.
- Developed AI automation and omnichannel use cases at Infobip, delivering up to **70%** efficiency gains.
- Redesigned regional solution engagement and GTM practices, cutting sales cycles by **30%**.
- Led **five commercial functions** at CEQUENS, introducing a coordinated approach to forecasting, enterprise sales support and customer delivery.

Solutions & Services	Global Presales & Solution Consulting | Customer Solutions | Professional Services | Customer Onboarding & Adoption | Team Building & Leadership

PROFESSIONAL EXPERIENCE

Apr 2026 – Present
Riyadh, Saudi Arabia

JOURNIFY
Vice President, Sales

Lead enterprise sales and GTM for a B2B AdTech/MarTech SaaS platform, with direct accountability for commercial targets and sales execution.

- Designed and implemented a forecasting model using pipeline coverage, conversion, deal slippage and sales-cycle analysis to improve revenue visibility.
- Led improvements to the SDR operating model, achieving a **50%** increase in outbound-to-qualified-meeting conversion efficiency.
- Redesigned sales execution through segmentation, qualification standards, pipeline governance and performance reviews.
- Improved account targeting using stronger ICP definitions and data enrichment; developed an ROI calculator and value-selling assets.

Aug 2023 – Nov 2025

CEQUENS

Vice President, Revenue & Customer Solutions

Mar 2025 – Nov 2025 | Riyadh, Saudi Arabia

Led commercial enablement and customer solutions across RevOps, Presales & Solutions, Professional Services, Sales Enablement and Partnerships. Partnered with Sales, Product and Engineering leadership; managed up to 14 professionals.

- Established a unified Rhythm of Business, strengthening forecasting discipline, revenue visibility and executive performance reviews.
- Expanded engagement with hyperscalers, ISVs and telecom operators to develop joint GTM opportunities across MENA.
- Redesigned onboarding and customer engagement practices to improve consistency from presales through implementation.
- Influenced AI use cases and product priorities through enterprise feedback; sponsored strategic enterprise and government pursuits.

Director, Presales & Customer Solutions

Aug 2023 – Mar 2025 | Riyadh, Saudi Arabia

Led global presales, solution delivery and customer experience consulting, moving solution engagements toward enterprise AI and SaaS business outcomes.

- Improved presales and delivery practices, supporting stronger win rates and shorter time-to-live for enterprise deployments.
- Built industry-specific AI and SaaS use cases and interactive demos to strengthen enterprise solution positioning.
- Established solution governance and redesigned presales-to-go-live practices to align value, feasibility and delivery.
- Built and mentored global presales and customer solutions teams.

Jul 2020 – Jul 2023

INFOBIP

Regional Head of Sales Engineering — MENA, Turkey & Pakistan

Apr 2021 – Jul 2023

Directed regional sales engineering and solution consulting across 12 countries, leading teams of up to 15 professionals and partnering with Sales and Product leadership to expand SaaS adoption.

- Region ranked **#1 globally** in SaaS share of business; sales cycles cut by **30%**; AI automation delivered up to **70%** efficiency gains.
- Built a high-performing regional presales team recognized for consultative excellence, aligning technical solution strategy with commercial priorities.

Senior Sales Engineering Architect — Levant & GCC

Jul 2020 – Apr 2021

Led consultative enterprise sales engineering for CPaaS, SaaS and omnichannel platforms.

- Drove a **35%** increase in area revenue through enterprise adoption and technical sales engagement.
- Advised enterprise clients on omnichannel engagement, AI-driven automation and cloud-based communication.
- Architected and delivered custom enterprise solutions, optimizing customer engagement across digital channels.

Mar 2018 – Aug 2019

UAE

FINE HYGIENIC HOLDING

Regional Head of Technology & IT Business Solutions — MENA

Led regional technology transformation across cloud, ERP, CRM, analytics and business process digitization.

- Migrated enterprise systems to cloud environments, delivering **40%** efficiency improvements and **99.8%** availability.
- Digitized core processes, reducing unproductive time by **70%**.
- Designed BI dashboards enabling real-time decision-making for leadership.
- Rolled out Salesforce CRM to drive B2B revenue growth and customer engagement.
- Implemented cloud security controls (DLP, MFA), ensuring compliance across regions.
- Negotiated group-level strategic vendor agreements delivering procurement savings of **40%**.

EARLIER CAREER

- Fine Hygienic Holding — Digital Solutions & Enterprise Architecture Manager (2015–2018)
- Nuqul Group — Head of Digital Business Services (2009–2015); Web & Technology Specialist (2006–2009)
- Applications Technology Inc. — Software Developer / Technical Presales (2003–2006)
